Lights of Vienna

www.lightsofvienna.com

Lights of Vienna © group of companies and trademark was established nearly 2 decades ago following the completion of two major projects in Saudi Arabia. Under the leadership of our largest manufacturing plant Limbek in Austria we executed the custom made decorative lighting and custom cast brass interior decoration for both of the holy mosques in Makkah & Medinah. These unique projects required highest skills, two years of studies, development and prototypes and resulted finally in 5 years of production and delivery.

Lights of Vienna's philosophie and aim has always been to provide consulting, planning, development for custom made requirements within leisure lighting projects prior to any production and delivery. Our company policy includes full support to our clients and we provide required sketches, samples & finishes, drawings & technical solutions in many cases even from the early start of a project.

Oesterreichische Staatsdruckerei (OeSD)

www.staatsdruckerei.at/

eOSD

Österreichische Staatsdruckerei

OeSD (Oesterreichische Staatsdruckerei – Austrian State Printing House), together with its daughter company OeSD International, is a modern and innovative Austrian company with more than 200 years of experience in security printing – combining tradition with technology!

We are engaged in developing and printing high-security documents like passports (machine readable and electronic BAC- and EAC-passports), driver's licenses, ID-cards, visas and stamps and in the system integration of personalisation and data register solutions.

As the first security printing house worldwide, OeSD was awarded the highest possible rating as "High Security Printer" by Intergraf. Customers on all continents trust the high security standard of our products. Our speciality is to merge the delicate art of security design with the strongest cryptography to secure identity and guarantee forgery protection on multiple levels.

Our employees fulfil the highest demands regarding security clearance and expertise in security printing and security technology. We are members of the industry's most important standardization bodies (ICAO, ISO, EU) and proud to be able to shape the security of tomorrow's world.

OeSD – Outstanding expertise in Security Documents!
