

## ABOUT OUR COMPANY

*Personal. Worldwide. Trading.*

We are an international wholesale company specialising in consumables. Personal contact with all our customers and suppliers is especially important to us. We are a global procurement & distribution provider and gladly take on sales and purchasing tasks for renowned corporations and products.

Our heart beats for sales & logistics. We love what we do and are constantly expanding our range of goods and services. Our vision of success for all products is exemplified by the professional classification of our various product segments into corresponding business areas.

We approach our business in a personal manner and are fond of the products we distribute worldwide! Our premise: *Everyone should do what they're best at.*

## COMPANY HEADQUARTERS

Logistics and administration provide a valuable synergy of services for our customers and suppliers. Intelligent and sustainable logistics and production processes as well as quickly accessible storage and manufacturing locations are at the heart of our logistics operations. No matter whether in packages, pallets, articulated lorries or containers – we can load and unload anything. In just a few days, we can ship your goods all over Europe or all over the world in just a few weeks via air and sea freight.
