Vision:

Become the first choice to provide information security, data protection, electronic transaction, and e-commerce solutions in Egypt, the Middle East and Africa.

Mission:

Providing integrated solutions that facilitate securing electronic and verifiable transactions to enhance the pace of business execution in a safe manner.

Facilitating uses, providing effective and safe solutions, creating and developing new and different applications based on Digital signature PKI technology.

Egypt Trust acquired the license to issue Digital Signature Certificates from ITIDA to provide e-signature and digital identity issuance services in 2006.

Also acquired the ISO 27001 in 2011 in cooperation with TUV HELLAS certification.

We are a partner of DigiCert and Secunet PKI in Egypt (European and American Technology)
