LEADING LIFESTYLE HOTEL

A bold addition to the traditional Viennese landscape, this vibrant hotel in the heart of the city blends rebellious lifestyle with traditional Viennese charm. Jean Nouvel's polished surfaces look different depending on your vantage point. The construction appears grey from the South, black from the West, white from the North, and translucent from the East - an abstract mirage in the cityscape. The neutral tones continue inside the hotel. Floors, walls, and ceilings are all-white, all-grey, or all-black to cohere in a monochromatic aesthetic, combined with interesting and surprising elements of Viennese art.

LOCATION

SO/ VIENNA is centrally located in downtown, which today has a thriving creative scene. The hotel boasts spectacular views of the inner city and the St. Stephen's cathedral. In front of the hotel you have prime access to the Donaukanal, a popular stretch along the river that attracts sun-hungry locals in the summer. Take a walk along the water and discover an exciting mix of art, culture, and eateries. Your stroll takes you past sights in the Old Town and the docks of the Twin City Liner - a speed boat to Bratislava.
