

evrotrust

Next Generation eID & Trust Service Provider

---

# Information

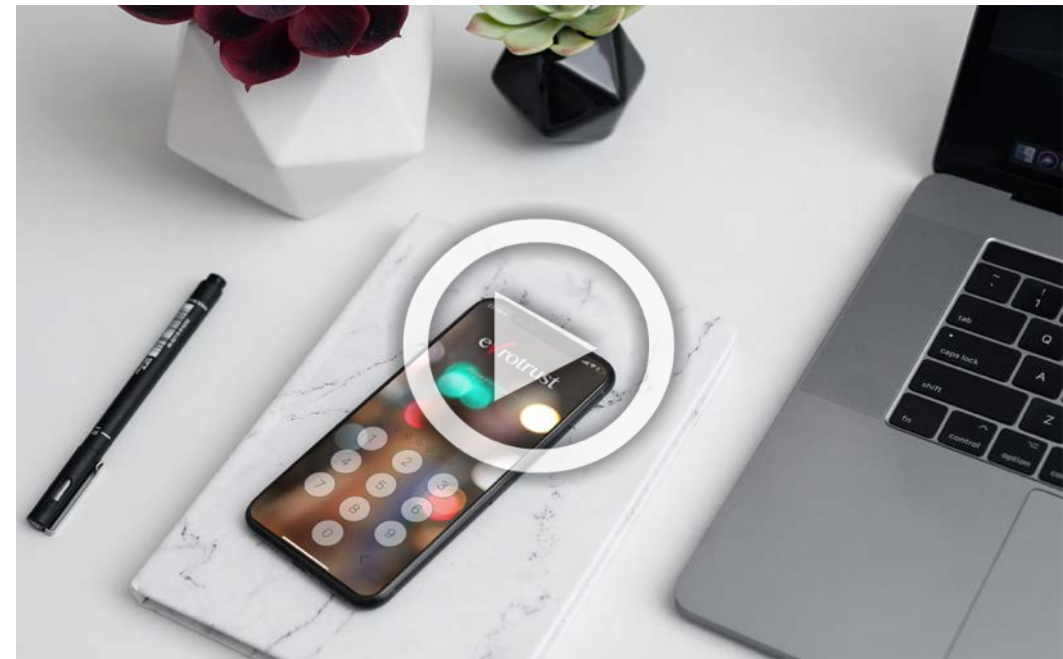

---

- ✓ Prof. Dr. George Dimitrov is a Member of the Board of Directors of Evrotrust Technologies JSCo, Chairperson of Law and Internet Foundation and Managing Partner of Dimitrov, Petrov & Co. Law Firm. George Dimitrov is the first in Bulgaria to receive the academic title “Professor of Law and Information Technologies” and is a lecturer of ICT law at all premier universities and educational institutions in Bulgaria. He has headed numerous working groups that have drafted the contemporary Bulgarian ICT legislation and has played an essential role in the elaboration of key strategies of national importance in the areas of ICT in different sectors of the economy – healthcare, education, governance, finance, tourism, etc.
- ✓ For many years Prof. Dimitrov has been advising blue-chip technology companies, government institutions, and key policy-making NGOs. He has trained attorneys, magistrates, in-house lawyers and state officials in the legal aspects of e-commerce, e-government, e-justice, e-healthcare, e-finance and cybercrimes and has authored a number of books, handbooks, articles and commentaries in the area of ICT law.
