... do you know

- ~ 1000 dead kids because of hot cars
- More than 5000 people have to be rescued from hot cars every year in Australia
- 10.000 dead animals without any statistics

And thousands of further tragedies like:

Cold Deaths, Heat Deaths, People smuggling, animal smuggling, deaths by drowning, puppy trade,...

There are worldwide tragedies

He Left His Twins in a Hot Car and They Died.

1-year-old child dies after being left in vehicle

Smuggling: Austria's migrant disaster -why did 71 die?

US couple's baby dies in hot car

... forgotten
... do not act.

We must not ignore it, but we must act!

Nobody wants to experience it, but it happens all over the world!

Do you forget these deaths?

The names in the background are kids who died in hot cars.

These children could have been your relatives.

OUR VISION

We want to save lives!

In our environment the already mentioned tragedies have happened and we have made it our life's goal that these tragic events must be from the past.

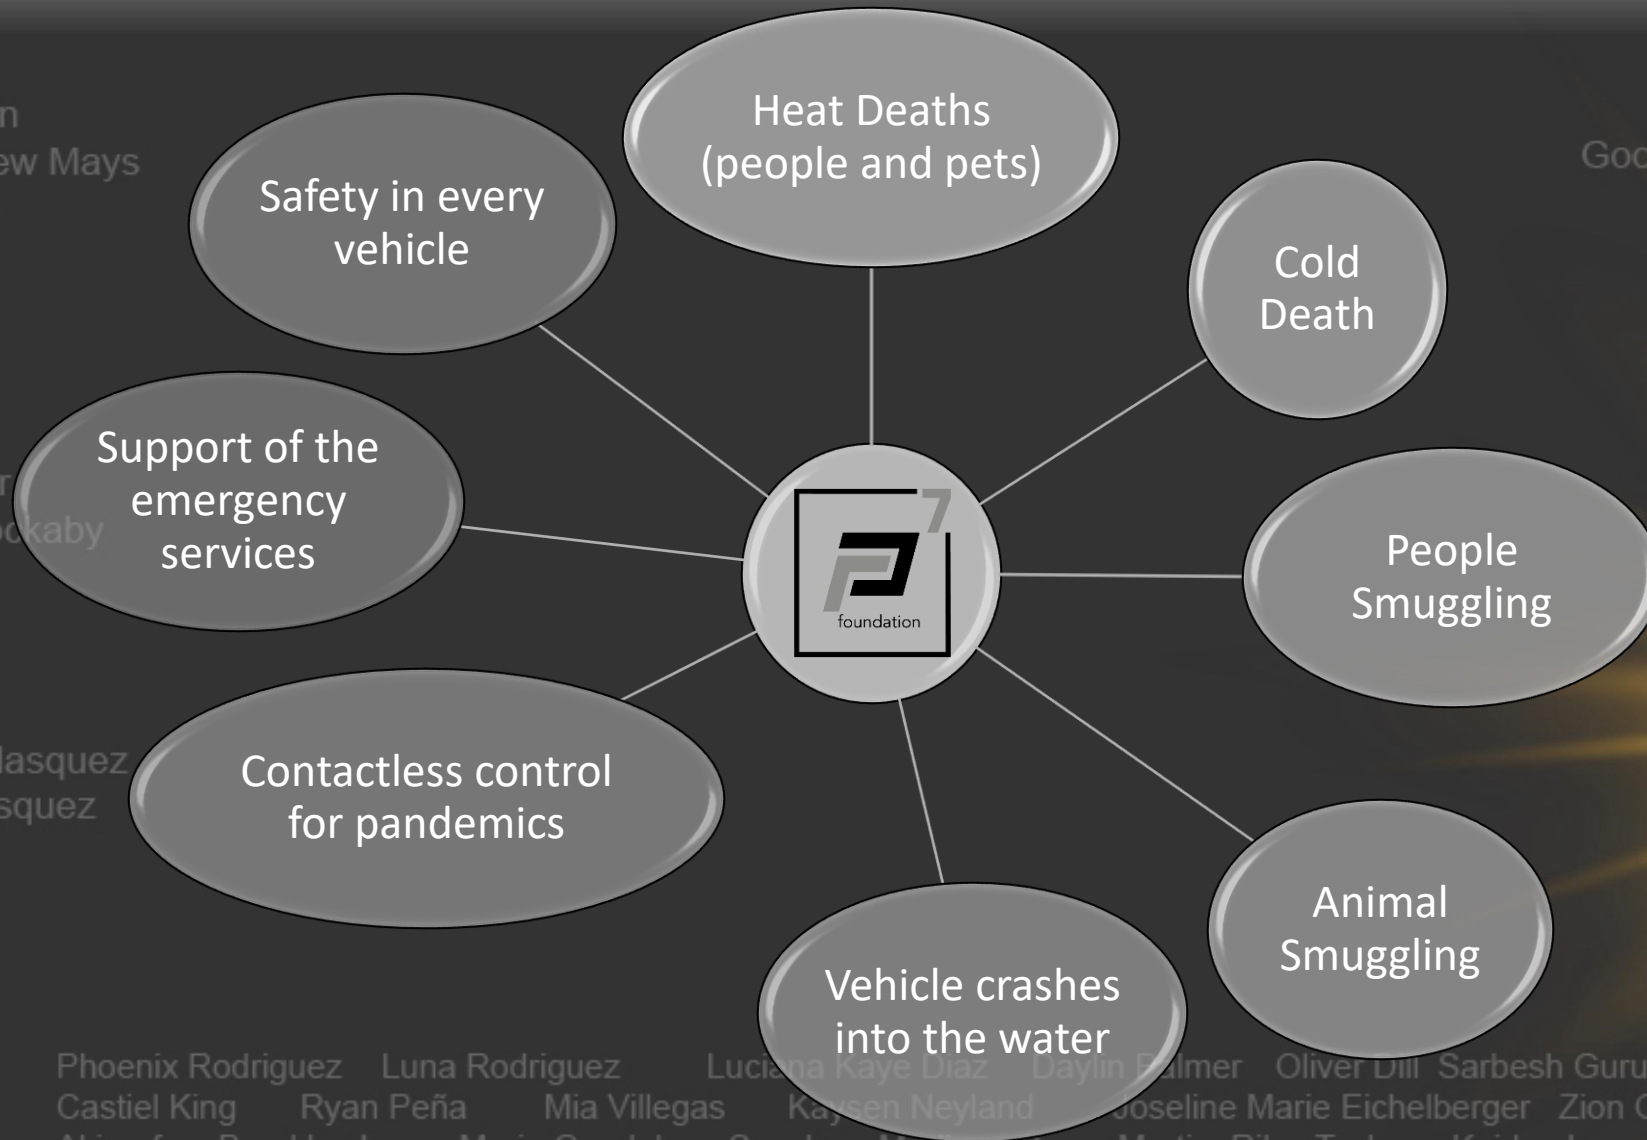

When if not now?

We have developed a system that can save lives and can be installed in any vehicle.

PR7- System Saves Living Beings

- Reduces or even avoids casualties in vehicles!
- Faster & efficient support of the emergency services → Every Second Counts !
- Belongs in every vehicle that transports living beings
- Support of the emergency services

Focuses & issues that PR 7 - System reduces, minimizes and prevents

It's time to do something – let's go!

"The purest form of insanity is to leave everything as it is and hope that something will change."

Albert Einstein

These tragedies are prevented with the PR 7 – System.

Let the headlines and articles disappear ! Stop the list of names with children who died in hot cars.

Be part of the people doing something about it!
